

Dear Prospective Volunteer,

Thank you for taking time out of your busy schedule to consider volunteering with the Pebblebrook Jr. Falcons Association. Dedicated volunteers and community leaders are the lifeblood of an organization like ours. If you believe the best way to grow the Mableton community is to provide fertile ground for our youth and create a forum for adults to understand their neighbors, please consider joining our organization.

The community of Mableton has gone thru many changes and endured many challenges over the years. Since my family moved to Mableton in 1984, I've understood Mableton to be a working class community that has always defied the odds and expectation of others. The community of Mableton has for years been a breeding ground of talented youth, passionate people, and ripening potential. Today's Mableton is no different. Insert yourself and your family into the beauty and pride of the little town on the edge of greatness. One person can make a great difference, and you could easily be the one volunteer to guide our community to its destiny.

There are many pieces to this puzzle, and we are working very hard to put them all together. With your help, we would like to maximize the potential of our accumulated resources to take Mableton, and our program, to the next level. Please examine our list of resource for your consideration below:

Talented Youth	Cheerleading Program	Football Program
Active Website	Track Program	High School Support
Middle School Support	501(c) 3 Cert.	Establishment Since 1983

We are always open to new ideas, new partnerships and new programs that will create opportunities for our youth to excel, realize their true potential, and maximize their talents. We know that many communities do not have structured recreational systems to serve their youth's complete talent potential. We also realize that football, basketball and baseball are not for every child. There are many other recreational activities, including tennis, golf, music and performing arts that may fit better for some children. The Pebblebrook Jr. Falcon Association is hoping to locate resources to help develop more programs such as the ones listed above to better serve our youth's future and development.

If you have ideas you would like to share or questions about our organization please feel free to contact me via the information below. Thank you for considering our organization as a way to volunteer your resources. We hope to hear from you soon.

Sincerely,

And Remember:  
Together we shall achieve more...

Albert McRae III
