

Pebblebrook Jr. Falcons Association

founded in 1983 as youth football program. Pebblebrook Jr. Falcon Association is a founding chapter of the 501(c)(3) nonprofit organization Amateur Advocate Association Inc. Our organization has achieved many milestones in the community we serve. Please join our march to a brighter tomorrow. All contributions to the Pebblebrook Jr. Falcons Association are tax deductible through the Amateur Advocate Association Inc..

Our Mission

The Pebblebrook Jr. Falcon Association strives to empower community volunteers with the organizational framework and guidance to form viable recreational activities and comprehensive life skill programs to develop the youth in their prospective communities.

Our Strategy

To encourage progress by offering an avenue for fragmented communities to unite in structured recreation, youth life skills development and community involvement. We will strengthen this avenue by establishing working relationships and partnerships with our local school systems, higher education institutions and community agencies in order to inform, and guide our participants to existing programs and opportunities for students and parents.

Pebblebrook Jr. Falcons Association

Building a brighter tomorrow, one community at a time...

Structured Recreation

Many communities do not have a structured recreation system that serves the total youth potential. Football, baseball and basketball are not for every child. Other recreational activities such as tennis, golf, art and music may be a better fit for some children. The Pebblebrook Jr. Falcons Association will invest our time and resources to expose more children to their hidden talents.

Will work to offer in your community:

Football	Basketball	Baseball
Cheerleading	Wrestling	Golf
Tennis	Track	Music
Drama	Dance	Soccer
Gymnastic	Chess	Bowling
Softball	Volleyball	Swimming
Debate Club	Media Club	Lacrosse

Interested coaches and volunteer please fill in your contact information and service offer to send in for consideration.

Life Skills Development

Communities are not usually offered the opportunity to participate in preventive maintenance programs for “At Risk Adolescents”. We believe this is essential and will invest time and resources to partner with and facilitate professional preventive maintenance workshops based on community needs. Teen Pregnancy Prevention, Career Show and Tell, Parenting 101, and Conflict Resolution workshops are only a few of the programs our organization implements in our communities.

Civic Involvement

The Pebblebrook Jr. Falcons Association opens the door for parents and citizen volunteers to get involved with improving the quality of life in their communities. As a central point of contact in the community we will welcome and inform new residents of the vast programs and advantages that are available to them. Our organization will also open the door for visionary dialog with local and regional officials.

Participation and Support

We are very dedicated to the support, growth and direction of all young people. However, in order for the organization to continue to reach out to our youth we are in constant need of support from members of the community. We are always looking for caring people who are willing to volunteer their time and services as well as any material or monetary donations they feel they can help with. If you would like to do your part in helping out our youth please come in contact with a member of our organization listed on the back of this brochure and we will be glad to discuss the many opportunities we have for your support in greater detail.
